Flag States

5 under Panama Flag, 2 under Palau Flag, 1 under Gabon Flag

IACS Class Societies

Vessels classed under RINA, ABS, DNV and IRS - the highest international standards

Expanding Presence

Growing our global footprint while maintaining world-class safety and sustainability

PMS - SHIP MANAGEMENT SOFTWARE

To enhance operational efficiency and ensure a more structured approach to vessel management, Manak Global has implemented the **MBluewave ERP** — a modern and comprehensive enterprise solution tailored for the maritime industry. From this suite, we have specifically adopted the PMS (Planned Maintenance System) module as the backbone of our technical management

By integrating these modules under MBluewave ERP, Manak Global has strengthened its capability to manage vessels efficiently both technically and operationally — with real-time data access, improved vessel-data access, improved vessel-shore coordination, and full process transparency.
